First Aid Checklist

BAND-AID® Brand Adhesive Bandages
Products your family should always have on hand to treat minor emergencies.

☐ BAND-AID® Brand Adhesive Bandages
Protects wound from dirt and germs and helps promote fast healing.

☐ BAND-AID® Brand HURT-FREE® Antiseptic Wash
Temporarily relieves pain and itch while washing away dirt and germs.

☐ NEOSPORIN® First Aid Antibiotic Ointment
Provides long-lasting infection protection to help wounds heal fast and may help minimize the appearance of scars.

☐ Alcohol (Rubbing)
First aid to help prevent infection in minor cuts, scrapes and burns.

☐ Cold Pack
For reducing pain and swelling.

☐ Sterile Eye Wash
First aid eye irrigating solution.

☐ Thermometer
To check body temperature.

☐ Tweezers
For splinter, glass or insect stinger removal.

☐ Health Care Gloves
To avoid contact with bodily fluids.

☐ Comprehensive First Aid Guide
For information on most minor first aid situations.

For poison victims, call 911, your local first aid squad or poison control center immediately before administering first aid.
